SWEET CUTS AT SWEET 200

Fellow CliffDweller Annette Jensen is the instigator behind Sweet 200, the new hair salon that recently opened at the corner of Davis and Vernon. Having opened the original Sweet 200 in Deep Ellum in summer 2002, Jensen is thrilled to have relocated her business to the Cliff. "We tried for six years to make a go of things in Deep Ellum and, though we were sad to leave, we are excited to be part of a great community like Oak Cliff."

The new and improved Sweet 200 is more than just a place to get your hair cut. Jensen plans to host art shows and is working on a benefit event at her funky and cool space.

"I think the most unique thing about the salon is the pool table. Clients love to bring their friends and family; they take turns getting their hair done and shooting a game of pool."
